

2023 MSTCVS VALUE-BASED REIMBURSEMENT TOBACCO CESSATION MEASURE

SUBSTANCE ABUSE SCREENING AND COUNSELING

PARTNERSHIP WITH HEALTHY BEHAVIOR OPTIMIZATION FOR MICHIGAN

Smoking cessation treatment or counseling referral for current smokers

- Patients require screening on tobacco use, alcohol use, and illicit/non-prescription drug use. Patient must be screened for all three.
- Patients will receive at least one of the following:
 - 1) pharmacologic cessation treatment,
 - 2) Referral to an inpatient/outpatient counseling program,
 - 3) Referral to 1-800-Quit-Now

	Measure Description	Measurement Period	Baseline State Mean	Hospital-Level Target Performance
