The main purpose is to exemplify in a collegial manner the highest standards of quality care in the profession of thoracic and cardiovascular surgery. The MSTCVS's Quality Collaborative was established by The MSTCVS to help promote these standards of quality through examination and reporting of outcomes of surgery performed at each of the participating cardiac and thoracic surgery programs in Michigan. Those programs and the surgeons who perform operations at them can be found at The MSTCVS and Quality Collaborative website, [MSTCVS.org](http://MSTCVS.org).
