

MSTCVS Quality Collaborative Confidentiality Agreement

I agree to protect the confidentiality of all information discussed during this meeting and take steps to safeguard against any disclosure of privileged information that may have been discussed. I understand that taking pictures, screen shots and video during the meeting/webinar is strictly prohibited and any violation of confidentiality may result in my personal removal from participation in the project as well as the removal of the hospital site I represent.

The following examples are to be considered privileged and confidential information and should be discussed only within the confines of the MSTCVS Quality Collaborative meetings/webinars.

- All patient identifiers/information which are considered privileged and protected health information as defined by current HIPPA laws.
- Any specific surgical and/or perfusion case information.
- Any information discussed regarding specific surgical and/or perfusion process measures and outcomes.
- Any reference to center specific results or analyses.
- All cardiac and thoracic surgery and/or perfusion data presented.

This list is not exhaustive, and any information falling within the realm of privileged and confidential matters should be treated with the same level of discretion and restricted to discussions within this collaborative forum.

PLEASE NOTE THIS INFORMATION AND DATA SHALL NOT BE SHARED WITH INDUSTRY OR USED FOR MARKETING PURPOSES.

By registering for and attending any of the 2026 August MSTCVS Quality Collaborative Meetings, I acknowledge and agree to this Confidentially Agreement.
